prevalent among our nation .The education and public health are some of the priorities of our nation following coupled with spiritual development of our communities.

Solontsi studied agricultural sciences in school until He graduated in St Johns College of Education with agricultural sciences higher education certificate. The tertiary education of Solontsi after intensive research in medical anthropology, psychology and theology graduated with distinctions for his degrees 2010 . He was awarded scholarship by Kingdom of Netherlands and finished his master class in leadership in 2011 through Wits University under supervision of Nicollete Du Plessis. In 2014 Dr Solontsi completed his internship in public health In Wits Medical School under supervision of Professor Karen Hofman 2014 -2015.

Dr Solontsi have presented and organised various community development programs in cultural heritage development since teenage years in partnership with various stakeholders with common interests .With rural communities in Eastern Cape ,Western Cape and Northern Cape AbaMbo are under the leadership of HrH Dr Solontsi with aspirations of advancing the lives of our disadvantaged communities in development especially in areas of agricultural science ,farming ,cultural heritage and tourism which are viable economies in these territories .Dr Solontsi have represented South Africa as boxing cadet in 1998 ultimately receiving merit award from Department of Sports ,Arts & Culture with approval of Minister Nosimo Bhalindlela in 2000.

Dr Solontsi won various awards including Best Gauteng Best Croups, Best Cultural Team 2008,2008 until 2015 . He represented South Africa in various international programs since 1998 represented South African against England Cadets in boxing. He was awarded with Public Suviver International Residency Programme organised by international organisations from France, Germany, USA, Netherlands etc to a second successful public art program representing South Africa as one of the youngest curators. In 2013 Dr Solontsi was appointed Chief of AmaZizi in the AbaMbo tribal communities in the Great House of Solontsi the grandson of King Dweba of AmaZizi Ka Dlamini.

Dr have advanced to improve the communal life of AbaMbo and have represented his nation in land reforms debates in National Hearings and was selected to present in the National Parliament on 24/25 October 2018 in Cape Town on behalf of traditional indigenous communities to gain access to their lands and amendments of section 25 of Constitution to allow expropriation of land without compensation which was later approved by the National Assembly with unanimous support .With agricultural science being the cultural traditional and economy of AbaMbo that they practiced since time immemorial , our nation is working hard under leadership of Dr Solontsi to unite and celebrate its cultural values ,respect its agricultural heritage and farming methods thus considering to advance these in Morden economy and international trading for improvement and development of our peoples lives and communities .

Dr Solontsi as new president of BFASA in Eastern Cape is determined to unite and inspire our communities to consider venturing seriously in these agricultural industries for better transformation of our communities .Dr Solontsi is using his international exposure and expertise to advance his people and create opportunities in the economic asserts that are less explored yet being reserves of great wealth and profits .As new representative of BFASA Eastern Cape region Dr Solontsi will be working close with various stakeholders including the department of agriculture ,health ,sports and Premiers offices to better advance the lives of our communities in all walks of life. Dr
